Q Grapefruit

We love Palomas. Q Grapefruit exists for one reason: to make your Paloma spectacular. A mixer, not a soda, Q Grapefruit is fresh, bitter, and very tart. Our secret? Grapefruits. There is nothing else like it. Mix it with tequila, or vodka if you prefer. Add a squeeze of lime. Spectacular.

\$3.00

o

Q Ginger Beer

Other ginger beers try to be both a spicy soda and a mixer. So they end up doing neither well. Q Ginger Beer is a mixer and a mixer only – it is spicier, more carbonated and less sweet. It is exactly what your vodka, rum, or whiskey is looking for.

\$3.00

o

Q Spectacular Tonic

After a night drinking good gin with great friends and lousy tonic water, Jordan was inspired to create a better tonic water. Q Tonic Water has sharp flavor and high carbonation, so it doesn't get lost in your drink. And it's much less sweet so the subtleties of a great gin shine through.

Vionta Albarino Rias Baixas

Pale yellow in color, with hints of gold and green which shines brightly. On the nose, there are intense fruit aromas, some of them tropical, with green apple, banana and melon standing out. Long in the finish, highly aromatic, lightly bittersweet, which is a classic characteristic of the Albariño.

o

Caposaldo Moscato

Caposaldo Moscato comes from the cool, maritime climate of Provincia di Pavia in northern Italy's Lombardy region. Here the 20-year-old guyot-trained vines benefit from the blend of white marl and chalk soils in the low-yielding hillside vineyards. Grapes are handpicked, and after a temperature-controlled fermentation the wine undergoes a natural second fermentation in autoclave, resulting in a fine, persistent effervescence.
